### **ABOUT WINDMILL GOLF GROUP**

Windmill Golf Group's roots began in the 1950's when Lawrence Ehlert – who managed a small 9-hole golf course in Southern Alberta for 30 years – expanded the course to 18 holes. Lawrence's son, Ron, grew up working at the golf course and was later involved with the design and construction of dozens of golf courses around Alberta including some local courses such as Elbow Springs Golf Club, McCall Lake and Lakeside Greens. Ron Ehlert owns Elbow Springs and is President of Windmill Golf Group creating a stepping stone for his son, Barry. Barry Ehlert continues the family legacy with a huge enthusiasm for golf and the golf business.
